

Goebel.

The Courier Journal pretends to make a wry face over the dose and promises to support to the finish Goebel, whom that paper has been supporting in its news columns throughout the campaign. The Courier Journal also predicts that Goebel will draw to him the young manhood of Kentucky and sweep the state for and aft. But does the Courier-Journal believe any such stuff? The young Democracy of Hopkins county—and the old—are saying with bitterness that they will not support the man who committed the worst political highway robbery on record while they stood by and saw it, helplessly.

Democrats are saying everywhere that the next Governor of Kentucky will be a Republican, if the Republicans of Kentucky make anything like good use of the present opportunity.

A Hopkins county Democrat stood at one door of the hall where the State Democratic Convention was being held and counted 102 uniformed policemen come out in one body. Others went out about ways and those in position to know said only about half the police force on duty in the convention hall wore uniforms. These were the royal guard of "King Goebel" and his chairman, who served to prevent anything but Goebelism in the convention. A fitting accompaniment of force to the nomination of the author of the Goebel force bill, which proposes to make the machine perpetual and the rape of Kentucky suffrage perennial.

Smart and mean and utterly unscrupulous is about the way the friends of Gen. Hardin usually describe the man who raped the Kentucky Democracy in the recent State Convention.

C. C. Givens, Jas. R. Rash and William Lynch were the only Hopkins County Democrats who remained at Louisville to see the State ticket completed after the ballot that counted Goebel in had been cast. Those who came away said they would not give two cents for any place on the ticket, so convinced are they that the Goebel ticket cannot win.

Goebel has stolen the nomination and stands for defeat at the hands of some good and able Republican.

A good story is told that illustrates well the relations of Goebel and Stone in the recent Democratic contest. It is said that Capt. Stone got raging mad and sat down and wrote thus to Goebel:

"Sir—You are the most consummate scoundrel with whom I ever came in contact."

Goebel returned the note with the following good humored endorsement:

"This may be true, but you are the d—ndest fool I ever saw."

And the boys say both told the whole truth.

The Long and Short Haul.

From the best information obtainable it seems very probable that the Railroad Commissioners will grant relief to the coal miners and railroads of the State and to the people of a number of important towns that would suffer greatly if the long and short haul law were enforced. The petitions of the people of Kentucky have been overwhelmingly against this law and all the weight of argument lies in favor of relief for the coal operators, coal miners, railroads and business interests of the State generally from its crushing operation.

Our own cow-puncher, the original rough rider of the plains, the disturber of the peace of small Western towns, the terror of the effete Eastern tenderfoot, has figured very prominently for many years in all kinds of literature. It is not generally known that the cattle country of Australia has brought forth a cowboy similar in many respects to the American breed, proud of his riding and shooting, rough-and-ready, but good-hearted in the main. Herbert C. MacLachlan, in the July Harper's, writes of the "Australian Horseman," and describes his life and customs.

"Made in America." That sounds good and that's where those new and popular mattings and Rugs, the loyten mattings, were made that are on sale at the St. Bernard Store.

EXPLICIT INFORMATION.

A Long Dispatch from Gen. Oils Describing Conditions as They Are in Luzon.

THE INSURGENT ARMY D. MORALIZED.

Considerable Sickness Among Our Men Owing to Climate Conditions—The Remains of the Insurgent Army are Being Quickly Overcome.

Washington, June 27.—Gen. Oils, in a reply to a cable from the war department asking for information regarding the situation and conditions in the Philippines, cabled a long reply as follows:

Gen. Oils' Dispatch.

"Manila, June 26.—Adjutant-General, Washington—Reply received. Little has been accomplished recently in Luzon. The enemy occupies a large portion of the Tagalog country, our lines stretching from Iloilo to San Fernando north, nearly sixty miles, and to the eastward into Laguna province. The insurgent armies have suffered great losses, are scattered, the only large force being held together in about 4,000 in Tarlac province and northern Pangasinan. Their scattered

GEN. OILS, U. S. ARMY.

forces are in bands of 50 to 500 in other portions of Luzon. In Cavite and Batangas provinces they could assemble possible 2,000, though demoralized from recent defeat. The mass of people, terrorized by the insurgent soldiers, desire peace and American protection, and no longer fear the approach of our troops unless forced by the insurgents, but gladly welcome them. No recent burning of towns. The population within our lines is becoming dense, taking up land cultivation is becoming too great to be cared for. Natives of southeast Luzon are combining to drive out the insurgents. The only hope of the insurgent leaders in the United States is aid. They propose the new government to remain under administration, to be followed by their independence and recognition by the United States. This is the influence which enables them to hold out. Much contention prevails among them, and no civil government remains. Trade with ports not in our possession, the former source of insurgent revenue, is now interrupted. I am not certain of the wisdom of this policy, as the people in those ports are without supply of food, and merchants are suffering losses, meditating restoring trade privileges, although the insurgents are in successful operation under the direction of able Filipinos.

Affairs in the other islands are comparatively quiet, awaiting results in Luzon. All are anxious for trade, and repeated calls for American troops are received. Am giving attention to the Jolo archipelago and Palawan islands. Our troops have worked to the limit of endurance. The volunteers of guerrillas have been cut in, and replaced by regulars, who now occupy all positions.

Nebraska, Pennsylvania and Utah troops are now taking transports, and the Sixth Infantry has been sent to Nebraska to relieve the Californians. These troops are in good physical condition. Sickness among the troops has increased lately, due mostly to undue service and climate influences. Nothing alarming. Of the 12 per cent of the command reported sick, nearly 6 per cent are in general hospital, of whom 3 per cent have typhoid and 17 malarial fever; the remaining 55 per cent have various ailments, 14 of which are due to wound injuries. Many officers and men who served in Cuba break under recurrence of Cuban fever, and regular regiments lately received are inadequately equipped.

OTIS.

One Trouble Remedied.

The inadequacy of the number of officers mentioned in last part of above cablegram has been remedied by the sailing of the transports Zenaida and Sheridan, carrying a number of officers for regiments in the Philippines.

Adj.-Gen. Corbin says that all officers belonging to regiments in the Philippines who are not absent on account of a surgeon's certificate are under orders to join their regiments at once. Forty-four officers have sailed on the recent transports going from Manila.

Found in a Hole.

St. Louis, June 26.—The body of a man whose name is supposed to have been H. Gordon Temple, was found in the Compton Hill reservoir, where it had apparently been three or four days.

Politicians and Trouble.

DEMOCRATIC COMMITTEE.

Chairman Jones Summons the Calling of the Democratic National Committee to Meet in July.

St. Louis, June 28.—Ex-Gov. William J. Stone has received a letter from Senator Jones, of Arkansas, chairman of the Democratic national committee, in this letter the senator stated that he gave his most hearty approval to the July meeting of the national committee, and had so written to Acting Secretary Johnson, of Kansas.

Doubtless the official call for the meeting on July 29 will be sent out within the next day or two. It is expected that every state will be represented at the meeting, as it will be known that some very important business will be up for consideration.

THE JINGO CLIMA X CAPPED

The St. James Gazette's Reasons for Urging the British Ambassadors to Prompt Action.

London, June 28.—The St. James Gazette, which has been remarkable for its jingoism on the subject of the Transvaal, caps the climax by earnestly appealing to the British industrialists to "take immediate steps to counteract the plans of the representatives of the Transvaal, who are now at Pretoria with a view of obtaining authority to start a fleet of privateers under the Transvaal flag with the object of looting Cape towns."

THE LAPINER KIDNAPING.

John Collins and Mrs. Ann Ingersoll on Trial at Chicago for Kidnaping General Lapiner.

Chicago, June 27.—John Collins and Mrs. Ann Ingersoll, of Palmsville, O., were placed on trial before Judge Wernum on the charge of having kidnaped General Lapiner. Several witnesses have been brought here from Palmsville, and the prosecution claims to have a case strong enough to warrant heavy punishment. In Illinois the extreme penalty for the crime is life imprisonment.

KIDNAPING MADE ODIOS.

Mrs. Barrows Sentenced to Twelve Years and Ten Months in the Penitentiary.

New York, June 27.—Mrs. George H. Barrows, when arraigned before Judge Werner, in the criminal branch of the supreme court, pleaded guilty to the charge of kidnaping baby Marion Clarke. She was sentenced to 12 years and 10 months in prison.

TELEGRAPHIC WORKS BURNED.

Philadelphia, June 28.—The telegraphic works of William Gallagher, Thirty-second and Walnut streets, were entirely destroyed by fire yesterday. The loss is estimated at \$100,000, on which there is an insurance of about \$75,000. The fire is supposed to have originated in one of the kinks. The works will be rebuilt.

Death of a Pioneer of Forty-Five.

Portland, Ore., June 26.—Col. Thomas Cornelius, a pioneer of 1845, died yesterday at his home in Washington county. In 1856 he was a candidate for governor, but was defeated by Sylvester Deming. He was a veteran of two Indian wars in the northwest, and in 1861 raised a regiment in this state to fight for the Union.

Death of an Old Dendard.

Kansas City, Mo., June 26.—Rev. Paul Wetzel, one of the first German Lutheran clergymen to preach in this country, died here yesterday. In his seventy-sixth year. He had preached in Somerset county, Pa., Franklin Grove and Lena, Ill.; Grundy Center, Ia., and McPherson, Kas. The interment will be at Grundy Center, Ia.

An Oregon Editor Found Dead.

Portland, Ore., June 28.—News was received, Monday evening, that W. L. McDonald, business manager of the Evening Telegram, had been found dead near Oak Point, 75 miles from this city. Mr. McDonald was on a fishing trip. Death was probably due to hemorrhage of the lungs.

Lost All Their Baggage.

Macon, Ga., June 28.—The Elderly couple at Indian Springs, a Georgia watering place, was destroyed by fire, Monday. About a hundred guests were in the building. All escaped, but two were slightly injured. All the baggage was lost, however.

An Unconstitutional Act.

Seranton, Pa., June 28.—Judge Gunter has handed down an opinion in which he declares the act passed by the legislature, in 1897, which gives protection to employees who form, join or belong to labor organizations, to be unconstitutional.

Germany Accepts Arbitration.

The Hague, June 28.—The German delegates to the peace conference have privately informed their colleagues that they have received instructions to accept the principle of a permanent tribunal of arbitration as outlined in the Anglo-American plan.

A Damaging Overlook.

Omaha, Neb., June 28.—The heavy rain yesterday morning caused a creek near Springfield, Neb., to overflow, doing considerable damage to farm and town property. The principal sufferers were the Missouri Pacific and Rock Island railroads.

Doubled the Price in Six Months.

Pittsburgh, Pa., June 28.—Bessemer pig iron was quoted yesterday at \$29 a ton in the Mahoning valley, and in Pittsburgh the price was \$29.75. This is an advance of 100 per cent. in six months.

CAPE NOME GOLD FIELDS.

Maj. Ingraham, of Seattle, Leader of a Party Fitted Out by Prince Luigi, Heard From.

CLAIMS THAT WILL PAY WELL LOCATED.

Remarkable Developments Expected Next Summer in the Vicinity of Golliva Bay—Stamped in Reported Rich Digings on the Alaska, a Kynak Tributary.

Seattle, Wash., June 28.—The latest advice from the newly-discovered gold fields at Cape Nome, Alaska, are contained in a letter from Maj. E. S. Ingraham, of Seattle, who writes under date of February 2, 1899. Maj. Ingraham is the leader of a party of 14 men who were fitted out by Prince Luigi, of Italy, and local business men. He went first to Kotzebue sound, but finding nothing there, crossed over to Cape Nome, with a portion of the party, enduring considerable hardships. Part of the time the men had but two panicles a day. Maj. Ingraham writes:

"A Test of the Claims.

"On September 25, six men went to work to test their claims, some on Snow creek and the rest on Anvil creek. The best man was obtained on Snow creek, and amounted to \$3.52. The aggregate of four days' work was \$1 less than \$4,800. The gold was of good quality, and sold at St. Michael, without assay, for \$16.85 per ounce.

"On account of the lateness of the season and lack of supplies no attempt to reach bed rock was made.

"The News Soon Spread.

"The news soon spread, and there has been a constant arrival of prospectors from Unalakleet, St. Michael, and as far south as Kuskokwim. Fully 500 locations have been made to date.

"Two other districts have been organized, one at Linrock, beyond Cape Rodney, and the other with Unalakleet as a center.

"The Rich Fields at Cape Nome and on the Kotzebue Sound, a tributary of Fish river, prove beyond doubt that the rich mineral belt of the Yakon crosses to Siberia. Pay dirt is reported to have been struck on a river flowing into the chain of lakes having outlet at Cape Nome.

"Another Extensive Mineral Belt.

"Before starting from Kotzebue sound, December 15, 1898, prospectors had come in from the North, reporting the discovery of a rich and extensive mineral belt north of the above district. In November, 1898, there was a stampede from among the prospectors wintering on the Kowak to reported rich diggings on the Alashuk, a tributary of the Kynak."

STEAMSHIP PAWNEE BURNED.

The Vessel, a Clyde Line, Abandoned, on Fire—The Crew Saved by the George W. Clyde.

New York, June 28.—The steamer City of Macon, which arrived here from Savannah, reports that, on Monday, she passed the burning wreck of the steamer Pawnee, 40 miles from Cape Henry. The fate of the Pawnee's crew is unknown. The Pawnee was bound from Brunswick, Ga., for Boston.

All Hands Saved.

New York, June 28.—The following telegram has been received at the office of the Clyde line in this city from its agent at Wilmington, N. C.: Pawnee destroyed by fire at midnight, Sunday. Crew picked up by the George W. Clyde and arrived here at 11 a. m. All hands saved.

An Alleged Foreign Letter.

St. Louis, Mo., June 28.—Alfred Burkholder, a newspaper man of this city, has created a sensation in political and army circles in this state by charging that a United States senator forged a letter, purporting to come from a soldier, in support of the senator's hostility to expansion and to the war in the Philippines.

Accused of Murder.

New York, June 28.—William Ballard, a colored hostler, has been arrested here, accused of the murder of his employer, Clayton Young, a horse owner, in St. Louis, on August 22, 1896. Ballard said when he was arrested, that he killed Young because the latter had frequently beaten and abused him.

Spanish Stenographers.

New Orleans, June 28.—This city will furnish the 300 Spanish stenographers requested by the government for service in the courts at Manila. They are Louis M. Rodriguez, a Spanish born native of Manila, and Carlos Julio Elizalde, a Cuban, at present doing newspaper work here.

A Spanish Protest.

Las Vegas, N. M., June 28.—It has been reported that the party of the Rough Riders' reunion here, was the pretext for an earnest protest from the Spanish minister at the City of Mexico, but it was unheeded.

Called His Wife With an Ax.

Boston, June 28.—Benjamin Lang, 31 years old, the owner and occupant of a house in Waltham street, killed his wife, Clara L. Lang, with an ax. It is thought that he committed the deed while in a fit of mental aberration.

A Mistake in States.

EUROPEAN CROP PROSPECTS.

Improved in England and France and a Fair Average Expected in Central Europe.

London, June 27.—The Mark Lane Express says the crop prospects in England and France have improved. The wheat is heading in France under thoroughly satisfactory conditions, and a yield of 40,000,000 quarters is expected. Advances from central Europe show that after allowing for local troubles a full average wheat crop is promised from the Baltic to the Adriatic, and from the Rhine to the Vistula. An almost unbroken story of crop deterioration comes from Roumania, Russia, East Poland and the East Baltic provinces.

The Express urges English wheat holders to hold their grain and "thus defend an evident attempt of the Americans to bear the market."

TRANSVAAL COMPLICATIONS.

Randall's Firm Attitude Having the Desired Effect—Arranging a Franchise Compromise.

London, June 26.—The firm attitude of Great Britain appears to be having the desired effect in the Transvaal complications. The latest cablegrams from South Africa talk of various semi-official missions for negotiations between Cape Town, Bloemfontein and Pretoria, aiming to arrange a franchise on a basis of five or six years' past residence.

President Kruger is represented as agreeable to some arrangement, but as finding considerable difficulty in handling his own conservative elements.

In a reported interview he is alleged to have said regarding the war rumors, that mountains were being made of mole hills, and that he was firmly convinced that Queen Victoria would never allow "letting loose the dogs of war" over South Africa.

YELLOW FEVER AT SANTIAGO.

A Three Days' Celebration of the Victory of American Troops at San Juan.

Santiago de Cuba, June 26.—Thirty-three cases of yellow fever, with five deaths, have been officially reported since the beginning of the present outbreak. The first deaths occurred in the Fifth Infantry. The other four fatal cases were civilians.

Capt. Fabreus, a popular medical officer, died yesterday.

For three days the Cubans have been conducting a patriotic demonstration, the first of the kind since the honor of the victory won by the American troops over the Spaniards. The celebration, however, has been remarkable for the absence of American flags, and for the non-participation of the better class of the Cubans themselves. The Spanish standard was nearly killed by the mob.

JUMPED FROM EADS BRIDGE.

A Fool's Venture, on a Hot for Heat, Nearly Cost Him His Life.

St. Louis, June 26.—Miss McDonald, a youth of 20, living at No. 3022 Magazine street, diving from the top of the south railing of the Eads bridge about 10 a. m. yesterday, to win a wager of beer, which he had bantering made with some of his fellow students. The student, 115 feet high, alighted on his shoulders, and the upper part of his back, and had it not been for the prompt assistance of a boat crew, which was in readiness, he would have been drowned. As it was, he sustained injuries which will be with him for some time to come.

YELLOW FEVER PRECAUTIONS.

The Health Officer of New York Will take Special Precautions From Now On.

New York, June 24.—Dr. A. Doty, health officer of the port, is of the opinion that there is more yellow fever among the troops in Cuba than reported by the war department. With six months he says 6,000 soldiers have returned from Cuba, and more than 6,000 more will arrive here within the next two months. He proposes to take special precautions.

A TWENTY YEARS' SENTENCE.

"Bill" Jennings, the Third of the Macomb Train Robbers, Railroaded to the Penitentiary.

Hartsville, Mo., June 24.—Twenty years' imprisonment in the state penitentiary was the punishment imposed by the jury here yesterday in the case of "Bill" Jennings, otherwise Harry Clomb, another of the gang which robbed a Kansas City, Fort Scott & Memphis express train at Macomb, Mo., on January 3 last.

Capt. Barker Sailed for Home.

New York, June 27.—A cablegram received at the navy department yesterday from Admiral Watson brings the information that Capt. A. S. Barker, who was in command of the fleet at Manila during the time of the departure of Admiral Dewey and the arrival of Admiral Watson, has left for home. The message stated that he sailed on Friday last on the regular mail steamer.

Lieut. Eberle also sailed for home at the same time.

The Porto Rican Battalion.

New York, June 26.—A special to the Herald from Washington says: Secretary Alger has been advised by Brigadier Davis commanding the department of Porto Rico, that 300 men from Porto Rico have been called into the battalion authorized by the war department. The hundred men will be secured.

ANNOUNCEMENT.

PRATT—We are authorized to announce Judge Clifton J. Pratt, of Hopkins County, as a candidate for the nomination for Governor of the State of Kentucky, subject to the action of the Republican party.

REPUBLICAN TICKET.

For Representative,
BEN T. ROBINSON.

GOEBEL is the synonym of insatiable greed for greater power and unscrupulous use of the power at hand.

The good roads movement is moving in the right direction—towards the accomplishment of its purpose.

The Dingley Tariff is nobly meeting the hopes of its friends and confounding the desires of its enemies.—Pittsburg Times.

WILLIAM McKINLEY will be the next Republican nominee for the Presidency, and will be the next President, if he lives. The honor and credit, finances and business of the nation are safe for yet another term.

SEVEN thousand five hundred workmen in the glass industry in Pennsylvania had their wages advanced to per cent. last week. This is some more of Mark Hanna's underhanded work.—Manchester (Ia.) Press.

THE Sebree Herald quotes both THE Bee's recent strawberry crop reports of crack Hopkins county yields. But that paper credits one of these stories to "a Madisonville paper." Now THE Bee isn't "a Madisonville paper" and no Madisonville paper contained a report of either of these interesting items but Editor Wood just made a slip in his credit and we forgive him.

HOPKINS was not the only county in which the Democrats—some of them—were ready to draw guns and blood in convention assembled. In the Harrison county convention, "knives, pistols and clubs" were drawn and it was "a day of disorder and a Goebel victory." Hopkins didn't fight, but Harrison county is reported to have had "a dozen fights in as many minutes."

THOSE who would choose to lay the responsibility for trusts at the door of protective tariff should remember that England is the native home of free trade and the birth and dwelling place of trusts. It is also well to remember that the Republicans have all along advocated protection and fought trusts. As long ago as 1890, a Republican Congress passed a strong anti-trust law, which no Democratic Congress has undertaken to make more effective.

THE Republicans in Louisville are about to get together again and the opportunity for a general getting together all over the State and a victory in November presents itself. Such a victory is not a sure thing even with the present divided and embittered Democracy. It is going to take wise and conservative action on the part of those who shall lead and those who must support the leaders if the Republicans are to win. It is folly to be over sanguine. Let us be wise, magnanimous, conservative. Let us stand together, fight an honest, clean fight that shall command the respect of men outside of party lines, and—win if we can.

WILL Gov. Bradley convene an extra session of the Legislature? It seems probable that such action will be taken and that body will be asked to give the Governor power to appoint special judges in cases of feuds, also giving the right to the special judge to select a jury from different parts of the State when everybody, practically, is involved in the feud feeling near the scene of trouble so that a competent jury may not be found.

The Governor is determined to do everything possible to crush mob law and murder and anything he is able to accomplish will receive the unqualified endorsement of all true Kentuckians who love their native State and want to see its fair name grow fairer.

HO FOR DETROIT!

Christian Endeavor International Convention.

Local Christian Endeavorers are much interested in the International Convention which meets in Detroit, July 5th to 10th. As great as the past conventions have been, this one promises to far surpass them in every respect. The program is wonderful, and will bring together men of world-wide fame and influence. It will greatly benefit all who attend.

The railroads have made a one fare rate for the round trip from all points. This will be about \$15 from Earlington. Expenses in Detroit will be so low that one need spend only \$25 or \$30 to attend.

Kentucky Endeavor Union desires to be largely represented, and cordially invites all the friends of the young people to go with them on their special train which leaves Louisville at 8 a. m. on the morning of July 4th.

Numerous side trips among the lakes have been arranged at ridiculously low rates, among them being a trip by rail to Niagara for \$6.90, by boat \$4.00. This affords an unprecedented opportunity of visiting this place.

For full particulars apply to Mr. Wm. F. Burr or write to Allan D. Wallis, Hopkinsville, Ky., Transportation Manager for Western Kentucky.

A Multiplex Accident.

[From the Lexington Journal.]

There was an accident on Portland street the other day, and this is how it happened: A tramp walking up the street saw a benevolent-looking wheelman riding down and started to head him off. Just then a dog on the same side of the street noticed a cat on the opposite side and made for it. The dog didn't notice the tramp and the wheelman took no notice of the dog. The result was that the dog went between the legs of the tramp and rolled that individual over on his back. The wheelman struck dog and tramp, and took a header over them. The wheelman struck frantically at the dog and his blow landed on the nose of the tramp, while the dog made an assault on the tramp, and missing him made life exciting for the wheelman. At last they untangled themselves and the tramp and the wheelman trailed bad language, one up and the other down the street, while the dog stood and growled at both. Meanwhile the cat emerged from a hole in the lumber pile where she had taken refuge and watched the three with evident interest.

Princeton Masonic Temple.

Princeton, Ky., June 27.—At 2 o'clock this afternoon the corner stone of the new Masonic Temple, now under construction here, was laid with elaborate ceremonies. An immense crowd attended, including delegations from all the Masonic lodges in western and southern Kentucky. State Grand Master Wilhelm, of Paducah, assisted in the laying of the stone, and the Rev. W. H. Pinkerton, also of Paducah, delivered the sermon. A number of notables from Masonic lodges in this and adjoining States, especially from Tennessee, Indiana and Illinois, were in attendance. The building, which is being erected by Clinton Lodge, No. 82, will when completed, be one of the most creditable structures in this town. The lodge room was destroyed by fire last September, and little time was lost by the enterprising members of the order in putting on foot a plan for building a fine temple.

The Hawkes Lecture.

Mr. A. M. Hawkes, the "Laughing Philosopher," lectured at Madisonville Tuesday night to a very good audience. His subject was "Sunshine and Laughter," and it was indeed a case of both, being as bright as the sun's rays, while the laughs were too numerous to mention. He possesses that magnetism that seems to draw his auditors upon the rostrum, and keeps them in close touch with him during the lecture. While the laughs are many, there are pathetic incidents also, painted in words in his own way, that help to make the sunshine seem brighter. Mr. Hawkes will remain in Madisonville for a few days, having no dates and wishing to rest, and will deliver another lecture Friday evening, the subject being "People I Have Met"—that is, before he came to Madisonville. Persons desiring a good treat in the way of a lecture should not fail to attend.

Be sure to hear Dr. Piner at the Southern Methodist church next Monday night. His recital will be funny as well as instructive.

"A Gentle Wind of Western Birth"

Tells no sweeter story to humanity than the announcement that the health-giver and health-bringer, Hood's Sarsaparilla, tells of the birth of an era of good health. It is the one reliable specific for the cure of all blood, stomach and liver troubles.

A Gay Young Hendersonian.

On Tuesday morning Robert Powell, a young man who is deputy jailer in Henderson county, and who came to Sebree with the picnic party from Henderson, got gay and fired several shots from his pistol while he was in the town, says the Sebree Herald. Persons who saw him do so reported him to Marshal Biggs, who arrested him, but then, for some reason, was released. Later, he was re-arrested and carried before Judge Sutton, who fined him \$5 and costs—making \$9.50 in all—for discharging firearms in the city. The young man should consider himself very fortunate in escaping prosecution for carrying concealed weapons.

Elocutionary Entertainment.

Rev. Walker K. Piner, D. D., of Hopkinsville, will give an Elocutionary Entertainment at the Southern Methodist church on Monday evening, July 3, at 8 o'clock. Dr. Piner is an elocutionist of rare ability. As an entertainer he has few equals and no superiors. He has given recitals in many Kentucky towns, and they have always been highly spoken of by the people who have been fortunate enough to hear them.

Don't fail to hear him. Come and spend an evening pleasantly as well as profitably. Admission 15 and 25 cents.

At Jottings.

Some of our energetic farmers are threshing their wheat and they say their yielders are only about half as large as they anticipated.

Some of our farmers are doing laying by corn.

Mr. W. H. Walker and wife, of Cerulean, Ky., were visiting in our vicinity last week.

Mr. H. T. Walker, wife, son and daughter, of Crofton, Ky., were the guests of Thos H. Walker, of this community, last Friday and Saturday, and returned Sunday.

Rev. R. C. Ramey, a Baptist divine, preached a very impressive sermon at Bro. J. E. Ladd's last Monday night to an attentive audience.

Bro. Allen, the elder of Wallonia circuit, preached a very forcible sermon at Cave Springs Church last Sunday to a large congregation.

Rev. Barney Butler, a Methodist minister, returned from Vanderbilt University at Nashville last Saturday, where he has been attending school several months.

The projected meeting will commence at Cave Springs Church next Monday night.

The Quarterly meeting convenes at Concord Church the first Saturday and Sunday in next month.

We are glad to relate that Brother James P. Hirt is better at this writing.

The Earlington postoffice is to be moved into the new building as soon as it can be completed and made ready for occupancy. Postmaster Robinson says his office will not go into the presidential class July 1, but he will occupy the new building and have everything in good shape when the office is promoted, which is sure to come before long. Work on the new building is progressing nicely.

LOCOMOTIVE BLASTS.

The L. & N. people are proud of the new vestibule train just now put in use between Louisville and Cincinnati. It was built in the company's shops at Louisville and is a thing of beauty. Five other similar trains are to be built there in the near future.

Conductor Ray, who was injured in the wreck which occurred between Morton and Earlington last week, is said to be on the road to recovery.

When a man is nominated for Governor who is a pronounced enemy to railroad companies, it is but natural for them to show opposition. All business enterprises love a friend, but can see no good in the man or men who oppose their interests, and such is human nature the world over.

Dispatcher Neal has been detained at home this week on account of sickness in his family, and John Devey is working in his stead.

Engineer Farnsworth came home to attend the funeral of his father on the 27th. Special Agent Harland was here this week and left for Guthrie in charge of a prisoner suspected of the attempted robbery of Conductor Cole at Guthrie last week, but when the examining trial was held the evidence proved insufficient to hold him, as the attempt to rob occurred at night, and Conductor Cole, while he thought the man one of the attacking party, could and would not swear so to be the case.

The train jumpers along the line are getting quite bold. A few days ago several of them jumped on a train between Earlington and Madisonville, and they would not get off until the train came to a dead stop, and then the crew had to use threats to get them off. When the train started they again boarded it, and when they were put off the second time, threats were made as to the future punishment of the crew.

The smallpox scare and the extreme warm weather has caused a large decrease in the working force under Supervisor Sullivan at this place, and the work of putting in new tracks has been greatly retarded.

Should the new rates on coal, which will soon go into effect, prevail, the freight business on that line will be totally destroyed from some points, but to the praise of the railroads it can be said they fully recognize the evil effects it will have on business and a strong effort will be made to have the law regulating the long and short haul, repealed or ignored by legal process.

Two excursion trains were run last week to Sebree. One from Mt. Vernon and one from Henderson.

The A. O. U. W. are expecting a big crowd from different points along the road by train to their Fourth of July picnic.

Goebel, the successful candidate for the nomination for Governor, made his campaign by attacking the L. & N. Railroad Company, and the result was he secured less than 200 instructed votes, or less than one-fifth the delegate vote, but racelessly in the convention secured him the nomination.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF PURE COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

DOWN IN THE MINES.

The shooting from ambush of some colored miners who went from this State to Evansville in search of work, a privilege every one out of employment should exercise without molestation, is looked upon as a most dastardly affair, and fully illustrates how insincere are the men who profess to great a love for labor as to take the colored miners, not only into his secret meetings but if necessary to gain a point will throw arms around his neck in fond embrace, but when after his family and himself have suffered from the pangs of hunger brought on by idleness and he musters up sufficient courage to make an effort to gain an honest living by seeking work when an opportunity presents itself, he becomes a victim of the assassin's plot. So long as you listen to the advice and tale of woe told by the labor agitator so long is he your pretended friend, but the moment you resolve to show true manhood by acting independent you are waylaid at the midnight hour by your former supposed friends. Law abiding citizens everywhere recognize the justice in the restraining order issued by Judge Mattison, of Evansville, against the United Mine Workers or other parties who have by their threats and acts of violence made life miserable for the true man who desires to support his wife and family by continuing to work in the mines against the protests of the enemies of labor, the strikers. The sum and substance of the order is that no one is allowed to go on the premises of the mine owners and in any way interfere with the man or men at work. Can you see any injustice in such an order? Yet the strikers base such protection as this should be given the miner or operator.

FIRST CAMP-MEETING IN AMERICA

It Was Held at Russellville, Kentucky, a Century Ago.

"The effect of the McGee brothers' preaching—especially of John McGee—at a Presbyterian quarterly meeting on the banks of Red River, in Kentucky, was so startling and seemed so clearly to indicate that it was the result of Divine agency or some mysterious force possessed by the preacher, that the news of the occurrence spread rapidly in all directions throughout that part of the State, and attracted unbounded interest," writes Clifford Howard in the July Ladies' Home Journal. "If it did not at once awaken a responsive religious feeling, it at least excited curiosity, and when it was learned that the McGee brothers were to hold a meeting at Russellville, Kentucky, a newly settled town in Logan County, near the Muddy River, persons from all parts of the adjoining country, irrespective of their religious beliefs or church allegiance, prepared to attend. It soon became evident that the four walls of a country meeting-house would not suffice to hold the large numbers that were making ready to go to Russellville. The problem thus presented was solved by determining to hold the meeting in the open air. Those coming from a distance were prepared to camp; it would be no hardship to them to remain out-of-doors. The recent experience at Red River had proved this. It was not expected by those who were coming that the lodging accommodations at the village of Russellville would be sufficient by any means. Why, therefore, attempt to house the people? Prepare a camping-ground, and let the meeting be a 'camp' meeting. This, then, was the origin of camp-meetings; and the first one held in America was on the banks of the Muddy River, near Russellville, Kentucky, in the month of August, 1799—one hundred years ago. Not that religious worship had never before been held in the open air, but the special feature of camping out and the nature of the services made the camp-meeting a distinctive institution, and characterized this particular gathering on Muddy River as the first of its kind."

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear, which is imperfect hearing, if not when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

With no word or sign of any but the best and most harmonious feeling the Republicans of Hopkins county met in mass convention at the Court House in Madisonville last Thursday, June 22, sent delegates to the State Convention to be held at Lexington July 12, and nominated a candidate for the Legislature.
The convention passed a very strong set of resolutions, endorsing in the highest terms our Hopkins county candidate, the Hon. Clifton J. Pratt, the National and State Administrations, and sending a strong delegation to the State convention instructed to cast their votes as a unit for Judge Clifton J. Pratt for Governor of Kentucky and on all questions to vote as a unit in his interests.
The following is the official record of the proceedings of the convention.

Official Record:
Pursuant to a call of the Republican county committee the Hopkins county Republicans met in mass convention at the Court House in Madisonville, Thursday afternoon June 22, 1899. The convention was called to order by County Chairman J. B. Harvey.
Judge William Beard was elected temporary chairman and by motion was authorized to appoint a Secretary which he did by naming Paul M. Moore.
Upon motion the temporary organization was then made permanent.

After the reading of the official call for this convention by County Secretary Charles Cowell, Mr. J. H. Lunsford moved that the Chair appoint a Committee on Resolutions. The motion prevailed and Chairman Beard named the following committee:
R. J. Salmon, James King, R. W. Wood, Dr. W. K. Nisbet, J. D. Bell, J. H. Lunsford, Hayes Jones.
While the committee was preparing its report the convention heard short speeches by Thomas Finley and Will P. Scott.
The committee then submitted the following report and resolutions which were read by the Secretary and unanimously adopted.

Report of Committee on Resolutions.
We, the Republicans of Hopkins county, Kentucky, in mass convention assembled, renew our allegiance to the Republican party, whose principles and policies make the brightest pages in our history as a nation, and are being vindicated by current events. We heartily endorse and approve the wise, statesmanlike and patriotic National and State Administrations. We express our great confidence in and high regard for our beloved President, whom every true American delights to honor and praise; and in our worthy Governor, whose brilliant administration deserves the good will and applause of good citizens everywhere.
We view with alarm the attempt that is now being made by certain Democratic politicians to throttle the will of the people. We denounce the Gobel election law as dangerous and un-American. We favor such legislation as will be best for the general good. We recognize in Judge Clifton J. Pratt the ideal candidate of our party for Governor, and we instruct our delegates to cast the entire vote of this county as a unit for him, and to use all their votes and influence on all questions and in every honorable way to secure his nomination. With Judge Pratt at the head of our ticket success at the coming election would be assured. He is an honorable, upright, Christian gentleman, an able and distinguished jurist, an eloquent and forcible speaker, and a loyal and earnest Republican. He belongs to no faction, has kept aloof from all contentions, has ever been on the highest plane of politics, and his nomination would unite all forces and bring harmony to the ranks. Under his manly, courageous, inspiring leadership our Grand Old Party, united and enthusiastic, would march on to certain victory.
We select the following delegates and alternates to represent Hopkins county at the Republican State Convention, which meets at Lexington, July 12, 1899.

Delegates.
Dr. W. P. Ross, Shack Wyatt, R. J. Salmon, Dr. W. K. Nisbet, Lawrence Rodgers, Dan M. Evans, J. H. Lunsford, W. E. Ward, Thos. E. Finley, J. D. Haywood, Ben T. Robinson, Paul M. Moore, R. R. Graham, Hayes Jones, J. B. Hawking.
Alternates.
J. L. Burchfield, W. H. Ross, W. R. Teague, J. V. McEwen, J. B. Earle, J. B. Harvey, O. Waddell, S. E. Smith, Dr. W. F. Kell.

Charles Cowell then moved that the convention proceed to nominate a candidate to represent Hopkins in the next Legislature. The motion prevailed and Will P. Scott arose and presented, in a brief but happy speech, the name of Mr. Ben T. Robinson. The nomination received a prompt and general second and a motion at once prevailed that the nominations close and the selection of Mr. Robinson be made unanimous. Mr. Robinson responded in a few words, expressive of his appreciation of the honor conferred and accepted the nomination. A motion then prevailed ordering that Mr. Robinson's name be placed on the official ballot at the November election under such device as will be selected to head the Republican State ticket.
Upon motion the convention then adjourned.

REPUBLICAN CONVENTION.

Harmonious in Every Word and Action.

JUDGE PRATT STRONGLY ENDORSED.

National and State Administration Praised.

Ben T. Robinson Nominated Unanimously For The Legislature.

With no word or sign of any but the best and most harmonious feeling the Republicans of Hopkins county met in mass convention at the Court House in Madisonville last Thursday, June 22, sent delegates to the State Convention to be held at Lexington July 12, and nominated a candidate for the Legislature.

The convention passed a very strong set of resolutions, endorsing in the highest terms our Hopkins county candidate, the Hon. Clifton J. Pratt, the National and State Administrations, and sending a strong delegation to the State convention instructed to cast their votes as a unit for Judge Clifton J. Pratt for Governor of Kentucky and on all questions to vote as a unit in his interests.

The following is the official record of the proceedings of the convention.

Official Record:
Pursuant to a call of the Republican county committee the Hopkins county Republicans met in mass convention at the Court House in Madisonville, Thursday afternoon June 22, 1899. The convention was called to order by County Chairman J. B. Harvey.
Judge William Beard was elected temporary chairman and by motion was authorized to appoint a Secretary which he did by naming Paul M. Moore.
Upon motion the temporary organization was then made permanent.

After the reading of the official call for this convention by County Secretary Charles Cowell, Mr. J. H. Lunsford moved that the Chair appoint a Committee on Resolutions. The motion prevailed and Chairman Beard named the following committee:
R. J. Salmon, James King, R. W. Wood, Dr. W. K. Nisbet, J. D. Bell, J. H. Lunsford, Hayes Jones.
While the committee was preparing its report the convention heard short speeches by Thomas Finley and Will P. Scott.
The committee then submitted the following report and resolutions which were read by the Secretary and unanimously adopted.

Report of Committee on Resolutions.

Corstalks continue to look up.
They yield cellulose, worth \$400 a ton, for stopping holes in battleships, fine cardboard and paper, the best foundation for dynamite, a patent cattle food and a superior glue. But it is said that 250,000,000 tons of corstalks still go to waste every year in this country.

"For the Sake of Fun Mischief Is Done."
A vast amount of mischief is done, too, because people neglect to keep their blood pure. The mischief appears in eruptions, dyspepsia, indigestion, nervousness, kidney diseases, and other ailments. This mischief, fortunately, may be undone by the faithful use of Hood's Sarsaparilla, which cures all diseases originating in or promoted by impure blood.

Republicans and Trusts.
From the Indianapolis (Ind.) Journal.

In the United States, as long ago as 1890, a Republican Congress passed an anti-trust law. The layman who reads it will come to the conclusion that it is a very strong law. Whether it is or not, no Democratic Congress has undertaken to make it more effective. Indeed, the theory of Free-Trade is to let trade take care of itself. It is the doctrine of go as you please. On the other hand, all anti-trust legislation of a national character, and all in most of the States is the work of Republicans.
